

## **LIST OF PREPARERS**

### **SURFACE TRANSPORTATION BOARD SECTION OF ENVIRONMENTAL ANALYSIS**

**Victoria Rutson** - Chief, Section of Environmental Analysis

**Rini Ghosh** - Attorney-Advisor, Section of Environmental Analysis, Project Manager

**Catherine Glidden** - Environmental Protection Specialist, Section of Environmental Analysis, Expertise in Cultural Resources

**Diana Wood** - Environmental Protection Specialist, Section of Environmental Analysis

### **URS CORPORATION- THIRD PARTY CONSULTANT**

#### **Project Management, Transportation, and Land Use**

##### **Jaya Zyman-Ponebshek**

Project Manager; BS Industrial Biochemical Engineering, 1984, Autonomous Metropolitan University; MS Environmental and Water Resources Engineering, 1986, University of Texas at Austin; 21 years of experience in environmental consulting, specifically environmental assessments and environmental impact statements of rail and other linear projects under NEPA.

#### **Biology**

##### **Jill Seed**

Senior Biologist; BS Natural Science, 1997, Louisiana University; 4 years experience in environmental consulting, specifically threatened and endangered species surveys and environmental assessments under NEPA.

#### **Groundwater, Geology, and Karst Features**

##### **Larry French**

Senior Hydrogeologist; BS Geological Sciences, 1975, University of California, Riverside; M.A. Geological Sciences, 1979, University of Texas at Austin; 28 years of experience in environmental consulting with emphasis on hydrogeology.

#### **Surface Water**

##### **Jeff Irvin**

Surface Water Specialist; BS, 1972, U.S. Military Academy; MSCE Water Resources Engineering, 1981, Stanford University; MSCE, 1981, Geotechnical Engineering, Stanford University; 31 years of experience in environmental consulting.

## **Noise and Vibration**

### **Rob Greene**

Noise and Vibration Task Manager; Board-certified Noise Control Engineer, 1984, Institute of Noise Control Engineering; BS Environmental Science, Pacific Western University; Advanced acoustic and vibration studies, Bruel & Kjaer University; 29 years of experience in environmental impact analysis with an emphasis in environmental acoustics and noise control engineering; Member, Transportation Research Board Transportation Related Noise and Vibration Committee ADC 40.

### **Grant Limberg**

Noise Specialist, BA Acoustics, 2005, Columbia Chicago; 2 years experience in environmental acoustics and noise control.

## **Air Quality**

### **Brandon Marsh, PE**

BS Chemical Engineering 1998, University of Houston; 8 years of experience in environmental consulting with a specialization in air quality projects, specifically emission calculations from a variety of sources, air emission inventories, toxic release inventories, and general air permitting and regulatory compliance.

## **Cultural Resources**

### **Dan Cassedy**

Archeology and History specialist, peer reviewer and consultant; B.A. Anthropology; University of New Hampshire; M.A. Anthropology; State University of New York, Binghamton; Ph.D. Anthropology; State University of New York, Binghamton; 24 years of experience in archeology consulting.

## **Cut and Fill**

### **Ron Rypinski**

Rail transportation specialist; 40 years of experience in domestic and international railroad and transit operations and maintenance planning and design, (including commuter rail [push-pull and DMU], light rail, heavy rail, high-speed rail, streetcars, and automated people mover systems and facilities) and freight railroad operations, fixed plant improvements, track inspection, freight rolling stock, and experience with FRA regulations.

### **Marc Devos**

Senior Transportation Engineer, BS Civil Engineering, 1990, California State Polytechnic University, Pomona; 16 years of experience in transportation engineering with focus on roadway and railway design.

**John O'Connor**

Senior Highway Engineer, BS Civil Engineering, 1992, South Dakota School of Mines and Technology; 14 years of highway design and construction experience.

**Miscellaneous Technical Assistance**

**Amber Davis**

Environmental Scientist; B.A. Anthropology, 2003, Texas A&M University; MS Rangeland Ecology and Management, 2006, Texas A&M University; GIS and environmental field investigation support.

**Geographic Information Systems (GIS)**

**Julia Presas**

GIS Analyst; B.A. Geography, 2002, University of Texas at Austin; 4 years of experience in identification, collection, integration, analysis, and publishing of geospatial data.

**John Wade**

GIS Analyst with 17 years of experience.

**PRESERVATION CENTRAL - SUBCONSULTANT**

**Rural Historic District**

**Terri Myers**

Historic Preservation Consultant, Preservation Central, Inc.; B.A. English, Northern Arizona University; B.A. History, University of Hawaii; M.A. American Studies, University of Hawaii; 21 years of experience in historic preservation, including planning, architectural surveys and assessments, and National Register nominations. Focus on South Texas borderlands and rural properties and landscapes.

**Elizabeth Butman**

Architectural Historian; B.A. in Architectural Studies and Art History, 2002, Rice University; MS in Historic Preservation, 2005, University of Texas at Austin; over 2 years experience in historic preservation consulting, with emphasis on rural historic landscapes and citywide cultural resources surveys.
