Subject Canadian National Railroad purchase of Elgin, Joliet, and Eastern Railway

To whom it may concern:

I'd just like to say that **I am opposed** to the sale of the E.J. & E. to the Canadian Railway. The increased number of trains, the cargo that they will be carrying and the burden put on our community to pay for bridges, etc., to get around constantly tied up roadways due to the many long, slow trains is of major concern!

This sale would affect the safety and well being of all the communities in the area. Delays for emergency vehicles and school buses are unacceptable.

Please **do not** approve this sale!
