Our town has only 2 main ways (roads) at all most often used Lake Cook Road and Route 14. If we had 20 plus trains a day, times 6 plus minutes each train, you will almost always have to wait for the 6 minute plus train. The Barrington High is in between Lake Cook and Route 14. That will be a huge problem with everyone waiting for the train. Traffic will become a nightmare. If the train system of 20 plus train a day passes, we will definitely consider selling our house! The only problem will be no one will want to buy it because of the trains - so we all won't get our true home value from this train situation. You are going to ruin our lives and our town. People will hate to live here!
