Re: More Information Needed

Dear Ms. Clark:

Thank you for contacting our office. I have reviewed the materials you provided for this project. We too are relying upon STB's independent historical analysis of this proceeding. Once we have heard from the STB (either in a letter from them or with a letter from STB stating that the BNSF may initiate Section 106 consultation on their behalf per 36CFR800(2)a), we will need an electronic version of the report and the Historic Property Inventory export data to complete our review.

I would appreciate receiving any correspondence or comments from concerned tribes or other parties that you receive as you consult under the requirements of 36CFR800.4(a)(4). These comments are based on the information available at the time of this review and on behalf of the State Historic Preservation Officer pursuant to Section 106 of the National Historic Preservation Act and its implementing regulations 36CFR800. Please contact me should you have any specific questions about our request and we look forward to receiving this material.

Please note that DAHP has developed a set of cultural resource reporting guidelines. You can obtain a copy of these guidelines from our Web site. Thank you for the opportunity to review and comment.

Sincerely,

Russell Holter  
Project Compliance Reviewer
