STB Finance Docket No. 34075,  
Washington D.C.20423-0001

To Whom it may Concern:

I am writing in the regards to the proposed rail spur Levan, Ut. to Salina, Ut. I and my spouse, both hope this rail spur will be built. It will be in the best interest of the people, who now travel the highway from Salina to Levan.

A couple years ago, my granddaughter and her two little girls were traveling south on this road, when, a projectile, like a bullet, flew from one of these coal trucks into her car and, completely shattered her windshield, flying through the car, and completely shattering her rear window. We feel so lucky that it didn't hit one of them. Our feeling is that it was a lug nut to have traveled at such a damaging speed.

We would like something to be done to get these coal trucks off this highway. Appreciate your positive efforts in this matter.

Sincerely,

A handwritten signature in cursive script that reads 'Leah Jane Carter'. The signature is written in black ink and extends across the width of the page.
