Washington, DC 20423

Dear Catherine Glidden,

In response to the letter I received titled Six County Association of Governments
– Construction and Operation- Rail line between Laven and Salina, Utah.

The Kaibab Band of Paiute Indians would like to be kept in form of any other findings should they arise during the Construction part. With so many Sites found with in the Path of the Rail line. What's not to say there will not be any other things found of Cultural significance to the Southern Paiute People?

With this the Kaibab Band of Paiute Indians would like to be kept informed of any and all findings. Thank you for consideration in keeping us in mind for the Consulting part under section 106 of NHPA.

Sincerely,

Charley Bullets

Cultural Resource Coordinator,
Kaibab Band of Paiute
