Dear Victoria:

I have been contacted by my constituent, Clara Wilson of Newcastle, Wyoming, concerning the Final Supplemental Environmental Impact Statement (Finance Docket No. 33407) issued on the Powder River Basin Expansion Project for the Dakota, Minnesota & Eastern Railroad Corporation. Ms. Wilson feels the supplement is incomplete. It contains no maps of Wyoming except on the front cover. She further notes the land evaluations are from 1998 and the economics in Wyoming have increased drastically since then which makes the information outdated.

I would like to ask that the situation outlined be carefully reviewed and that I be advised of your findings. Whatever information and assistance you can provide will be greatly appreciated. Please respond to me at 400 South Kendrick, Suite 303, Gillette, Wyoming 82716, or by fax to (307) 682-6501, or by e-mailing directly to: DeAnna_Bruski@enzi.senate.gov. I look forward to your reply.

Sincerely,

Michael B. Enzi
