RE: Finance Docket No. 34797

Dear Ms. Johnson-Ball:

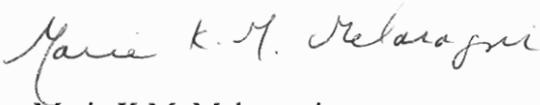

I am writing to you to state my opposition to the proposed trash transfer station to be located on the former Olin Chemical site in Wilmington, Massachusetts.

As a long-time resident of Woburn, I feel that this city has had more than its share of negative environmental issues to deal with.

The Olin site has yet to be thoroughly investigated as to the level of contamination. It makes no sense to allow any use of this property that would add to the negative environmental and traffic issues that the residents of Wilmington and Woburn endure on a daily basis.

Thank you for your attention to this matter.

Sincerely yours,

Marie K.M. Melaragni

cc: John Ciriello, Alderman Ward 6
