**What potential environmental issues and impacts are you concerned about?**

Thanks very much for coming down & sharing this w/ us...

I would like to offer this observation: in Delta City limits... I would like to see you/us consider the S2C option... to fix the erosion on the JARUS creek (north side) & also eliminate additional road crossings/stops that likely will lead to incidents (starting/stopping @ RR crossings... some folks trying to "beat" the gates when they drop; school buses lined up when the gates drop, etc). AVOID NISTER ROAD STOPS AND/OR MAJOR ARTERIES - FOR DELTA ANYWAY)

S2C OPTION IN DELTA

Thanks again & Best of Luck w/ this endeavor
