PETITION
IN SUPPORT OF
ATGLEN-SUSQUEHANNA TRAIL

I support the conversion of the abandoned Atglen-Susquehanna railroad line (also known as the low-grade railroad) to a multi-use trail for, among other things, horseback-riding, bicycling, hiking, handicapped recreation, cross-country skiing, birding, running, rock climbing, family recreation, Amish transportation, photography, local historical education, geologic education, fishing access, animal migration and elderly recreation.

This petition is available for viewing in Suite 500.
