In accordance with Stipulation IV of the MOA signed by STB, SHPO, and Sierra Pacific Industries regarding the Amador Central Railroad, we have enclosed for your review a DRAFT Report of the Photodocumentation and Historic Research as outlined in the MOA (HABS/HAER reporting). Additionally we have included a single set of photography and CD of the pictures. The Final Report will be submitted on Archival Paper along with the Negatives.

Please review the Draft Report and send any comments or questions to my attention within the next 30 days.

Sincerely,
