ENVIRONMENTAL RECOMMENDATIONS IN STB DOCKET NO. AB-871X

October 19, 2006

**ABANDONMENT TYPE**

The time for comments on the Environmental Assessment (EA) has expired in this:

Notice of Exemption     Petition for Exemption     Regulated Abandonment

**NO NEW COMMENTS WERE RECEIVED**

**NEW COMMENTS WERE RECEIVED**

SEA served an Environmental Assessment (EA) for this proceeding on September 29, 2006, for public review and comment. In the EA, SEA recommended one environmental condition and concluded that the proposed action would not significantly impact the quality of the human environment.

**Conclusions**

The EA comment period has ended. Accordingly, SEA recommends that the following condition previously recommended in the EA should be imposed upon any decision granting abandonment authority:

- 1. The State of New Hampshire Department of Transportation shall consult with the New Hampshire Department of Environmental Services (NHDES) prior to beginning any salvage activities regarding the remediation sites and shall comply with the recommendations of NHDES during salvage activities.**

If the above condition is imposed, SEA believes that the proposed action will not significantly affect the quality of the human environment.
