John -

The jpg files were not attached to my email.

I also need a letter or email from you that states this bridge is the only structure on the line that is 50 years old or older.

Additionally, I'll need a copy of the letter you're sending to the SHPO. If this letter states that the subject bridge is the only structure on the line that is 50 years old or older, a copy of that letter provided to me will be sufficient, and the separate letter or email noted above will not be necessary.

Thanks,

Dave

Dave, here are the photos. I'm trying to resolve the mileage discrepancy as well. I'll mail copies to the SHPO. John
